

Congregation Beth Sholom Family Preschool Summer Nature Camp

JULY 16, 2018 – AUGUST 10, 2018

Our summer Nature Campers will have an opportunity to participate in teacher directed activities within a mixed age group setting. They will explore and develop an understanding of many materials found in nature. All our activities will allow our campers to connect with nature through their senses to develop their understanding of the eco psychological self – their sense of self in relation to the natural world around them.

“Look deep into nature and then you will understand everything better.” – Albert Einstein
